

Adding Roth Contributions to a CalPERS 457 Plan Payroll Report

All CalPERS 457 Plan participants can make Roth contributions!

Beginning on January 1, 2024, the CalPERS 457 Plan allows Roth contributions from all actively employed participants to comply with the SECURE 2.0 Act of 2022. With this change, your employees may elect to make after-tax Roth contributions.

We've integrated Roth contributions to be seamless within your existing MyCalPERS reporting process. After the contributions are deducted from the employees' payroll, Roth contributions are processed in MyCalPERS in the same manner as pre-tax CalPERS 457 Plan contributions. For your convenience, we've outlined submission of Roth contributions below.
